### Digney York Launches New Website

December 16, 2008 | Vienna, VA

Digney York Associates LLC today announced the launch of a new website located at [www.digneyork.com](http://www.digneyork.com). The website features a project gallery depicting photos of recent hotel guest room and public area renovation projects, a section where people searching for work can submit their contact information, and a history of the company, as well as profiles of the senior leadership team of Digney York Associates.

Digney York President and CEO Steve Davis, said, "We're very pleased with the results of our new site which gives Digney York Associates a new graphic presence on the internet. It gives customers who might be considering Digney York Associates for an upcoming project the opportunity to view our past projects, see the scope of work we can accomplish and view our portfolio of success. I'm particularly pleased with the testimonials our clients have provided for the site. Customers can also get to know our leadership team a bit better as they consider Digney York Associates."

About Digney York Associates LLC: From blueprint to brickwork, from concept to completion, Digney York Associates LLC has led the guest room renovation niche for the past 24 years. Room by room, wing by wing, floor by floor, Digney York's skilled and trained professional team gets the work done with machine-like precision. The greatest compliment concerning our projects: "Aside from our beautiful new rooms and our boost in revPAR, we didn't even know you were here."
